Commission

The project proposal

101251551 — H2SCORE

Hydrogen Storage and Fuel Cells for Optimised Renewable Energy Communities

by

POLITECNICO DI TORINO and other participants

submitted under the *Horizon Europe (HORIZON)* call

HORIZON-JU-CLEANH2-2025-04-01 — Demonstration of stationary fuel cells in renewable energy communities

was recognised as a **high-quality project** proposal in a highly competitive evaluation process and contributes to the [Strategic Technologies for Europe Platform \(STEP\)](#) objectives, following evaluation by an international panel of independent experts.

The STEP (Sovereignty) Seal is a quality label awarded by the European Commission aimed at facilitating access to funding opportunities under other Union programmes covered by STEP. For further information, visit <https://strategic-technologies.europa.eu/>

This Seal is subject to compliance with all eligibility conditions under the STEP call (including ownership control assessment and other restrictions, if applicable). Entities interested in providing financial support to the project based on the Seal are requested to contact the Commission (EC-STEP-PARTNERS@ec.europa.eu) to confirm such compliance.
